**Bernard's Word**

"One of Thomas Merton's best-loved books, *New Seeds of Contemplation* seeks to awaken the dormant inner depths of the spirit so long neglected and to nurture a deeply mystical dimension in our lives."

For Merton: "Every moment and every event of every person's life on earth plants something in the soul. For just as the wind carries thousands of winged seeds, so each moment brings with it germs of spiritual vitality that come to rest imperceptibly in the minds and wills of people. Most of these unnumbered seeds perish and are lost, because people are not prepared to receive them: for such seeds as these cannot spring up anywhere except in the soil of freedom, spontaneity and love."

*Thomas Merton (1915 - 1968)*
